In this offbeat approach to leadership, college president Steven B. Sample-the man who turned the University of Southern California into one of the most respected and highly rated universities in the country-challenges many conventional teachings on the subject. Here, Sample outlines an iconoclastic style of leadership that flies in the face of current leadership thought, but a style that unquestionably works, nevertheless. Sample urges leaders and aspiring leaders to focus on some key counterintuitive truths. He offers his own down-to-earth, homespun, and often provocative advice on some complex and thoughtful issues. And he provides many practical, if controversial, tactics for successful leadership, suggesting, among other things, that leaders should sometimes compromise their principles, not read everything that comes across their desks, and always put off decisions.

This book is about the many different ways that leadership can be integrated into life. When John Quincy Adams, the sixth president of the United States of America, said, "If your actions inspire others to dream more, learn more, do more, and become more, you are a leader," he did a good job of crystallizing this approach to leadership. Consider the influence you have each and every day with the people in your life - from the people you work with, plan with, eat with, chat with, coach, cajole, or even simply meet on the street. Two things have influenced me throughout life: leadership and rock and roll. Leadership has been my professional life; I've been learning about it, practicing it, and training others to lead for more than twenty years. I've been listening to rock and roll, and getting inspired by it, for a lot longer than twenty years. The concept of this book is born from one fact: there is an opportunity for ineffective leaders to become tolerable, for tolerable leaders to become good, and for good leaders to become great. How are you using your life to become a better leader? This book provides some anecdotes and a framework to help you apply leadership to every aspect of your life.
