"Beautifully rendered and told, the book brings to life the work of a gifted 20th-century artist whose creative vision will always be in vogue." Kirkus Reviews, Starred review This is a moving and impassioned picture book about the iconic fashion photographer Bill Cunningham that will inspire young readers to go discover their own ideas of beauty and embolden the world with their own creativity! He found "sheer poetry" in the drape of an evening dress, delight in the swoosh of a knife-pleated skirt, and sartorial splendor in Jazz Age garb. Every

day, Bill Cunningham pedaled his bike through New York City searching for beauty. As he took picture after picture, Bill found beauty not in people, but in their clothes. Drawn to bold and creative choices, Bill's photos captured the attention of the New York Times. He traveled to Paris for Fashion Week, and admiration for his work grew. With his sense of creativity and daringness, his own personal style of photography came to be known as street art photography. His photos left a lasting impression on all those who came across his work and they continue to inspire creativity today. This is the story of the legend who created street fashion photography and left behind a legacy of glorious pictures. Bill Cunningham used his passion and talent to capture the beauty he saw in fashion and the ultimate freedom that it represents to each and every person. This is an inspiring picture book about finding your path and being creative.

Now every night I'm getting more sleep than I've gotten in years! The best part is, there has been NO crying!" --Becky, mother of 13-month-old Melissa There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. Elizabeth gives you words of wisdom, tricks and tips, and soothing mantras, all that will help you get your baby sleeping. Her shrink says this is because she's got a very bad case of Daughter-of-a-famous-movie-star Disorder—so she lies to escape out from under her mother's massive shadow. But Colette doesn't see it that way. She says she lies because it's the most fun she can have with her clothes on. Not that she's had that much fun with her clothes off. At least not yet, anyway... When her mother drags her away from Hollywood to spend the entire summer on location in a boring little town in the middle of nowhere, Colette is less than thrilled. But then she meets a sexy biker named Connor. He's older, gorgeous, funny, and totally into her. So what if she lies to him about her age, and about who her mother is? I mean, she has to keep her mother's identity a secret from him. If he finds out who she really is, he'll forget all about Colette, and start panting and drooling and asking her for her mother's autograph. Just like everyone always does. But what Colette doesn't know is that Connor is keeping a secret of his own...
