The Solutions Second Edition DVD-ROM material and worksheets bring the language to life by taking it out of the classroom and into authentic settings

A story-based course that introduces young children to English first through listening and speaking, and then provides a gentle introduction to reading and writing.

This volume brings together the proceedings of the II International Scientific and Practical Conference “Professional Artistic Education and Culture: Challenges of the XXI Century”, held at Borys Grinchenko Kyiv University, Ukraine, in April 2016. It discusses a wide range of the most pressing issues in contemporary artistic education and culture, including philosophical principles, the historical experience of professional artistic education, and problems concerning innovative technologies in continuing professional education, among others. In Ukraine’s present socio-cultural space, the issue of finding new ways of designing the semantic content

of artistic education is often controversial, and requires broad awareness from the larger international educational community. This is because artistic education plays an important role in the preservation and development of national cultural and educational traditions, and contributes to the integration process into the international educational space.

Gateway is an academically-rich five-level course designed to lead teenage students to success in school-leaving and university entrance exams and prepare them for university and the world of work.

Monografie charakterizuje sou?asný stav výuky ruského jazyka jako dalšího cizího jazyka v ?eském jazykovém prost?edí. The highly successful course for ambitious Cambridge FCE candidates.

This classic fifteenth-century chronicle of King Arthur and his knights is the essential

interpretation of Arthurian legend in the English language. Full of adventure, magic, and romance, these are the timeless tales of Arthur, the great warrior king of Britain; his loyal knight Lancelot; the beautiful Queen Guinevere; and the mysterious Merlin. Based on French Arthurian romances reaching back to the twelfth century, Sir James Knowles's narrative tells of the goings-on at Camelot, epic battles against invading Saxon enemies, and Arthur's quest for the Holy Grail, among many other exciting events. Sometimes published as *Le Morte d'Arthur*, these accounts of chivalry and daring escapades have inspired generations of storytellers, from the Romantic poet Alfred, Lord Tennyson to T. H. White, author of *The Once and Future King*, from American satirist Mark Twain to British comedy troupe Monty Python. *New Headway Beginner* is aimed at absolute beginners, or those who have learned a little English but lack the confidence to build on it. It provides a solid foundation for *New Headway Elementary*. Its measured, step-by-step approach builds both skills and confidence. The right mix of language work and plentiful practice material enables learners to consolidate their knowledge of key points before proceeding further. The clearly defined grammatical syllabus includes past, present and future time and provides a thorough basis on which to build. The presentation of new language is gradual, methodical and clearly structured, giving learners a clear sense of progression. The vocabulary syllabus focuses on high-frequency survival terms and avoids overload. The gradual introduction of simple skills work with manageable communicative activities give learners a sense of achievement. 'Everyday English' practises social expressions in common situations and shows how learners can apply their knowledge in practical ways.

psychologists themselves in the media.

This updated course, now over seven levels, gives you even more brain-challenging activities and cross-curricular lessons. With new Online Practice, more opportunities for speaking and more Cambridge YLE Test practice, your class will learn Incredible English and more!

The Munich crisis of 1938, in which Great Britain and France decided to appease Hitler's demands to annex the Sudetenland, has provoked a vast amount of historical writing. The era has been thoroughly examined from the perspectives of Germans, French, and British political establishments. But historians have had, until now, only a vague understanding of the roles played by the Soviet Union and Czechoslovakia, the country whose very existence was at the very center of the crisis. In *Czechoslovakia Between Stalin and Hitler*, Igor Lukes explores this turbulent and tragic era from the new perspective of the Prague government itself. At the center of this study is Edvard Benes, a Czechoslovak foreign policy strategist and a major player in the political machinations of the era. The work looks at the first two decades of Benes's diplomacy and analyzes the Prague Government's attempts to secure the existence of the Republic of Czechoslovakia in the treacherous space between the millstones of the East and West. It studies Benes's relationship with Joseph Stalin, outlines the role

assigned to Czechoslovak communists by the VIIth Congress of the Communist International in 1935, and dissects Prague's secret negotiations with Berlin and Benes's role in the famous Tukhachevsky affair. The work also brings evidence regarding the so-called partial mobilization of the Czechoslovak army in May 1938, and focuses on Stalin's strategic thinking on the eve of the World War II. Until the fall of the Berlin Wall, it was difficult for Western researchers to gain access to the rich archival collections of the East. *Czechoslovakia Between Stalin and Hitler* makes ample use of these secret archives, both in Prague and in Russia. As a result, it is an accurate and original rendition of the events which eventually sparked the Second World War.

A two-year course to follow *Happy House*, or as a first English course for children who are ready to read and write. The characters found in *Happy House* have grown up a little and are exploring the streets!

This lucidly written biography of Aleksandr Men examines the familial and social context from which Men developed as a Russian Orthodox priest. Wallace Daniel presents a different picture of Russia and the Orthodox Church than the stereotypes found in much of the popular literature. Men offered an alternative to the prescribed ways of thinking imposed by the state and the church. Growing up during the darkest, most oppressive years in the history of the former Soviet

Union, he became a parish priest who eschewed fear, who followed Christ's command "to love thy neighbor as thyself," and who attracted large, diverse groups of people in Russian society. How he accomplished those tasks and with what ultimate results are the main themes of this story. Conflict and controversy marked every stage of Men's priesthood. His parish in the vicinity of Moscow attracted the attention of the KGB, especially as it became a haven for members of the intelligentsia. He endured repeated attacks from ultraconservative, anti-Semitic circles inside the Orthodox Church. Fr. Men represented the spiritual vision of an open, non-authoritarian Christianity, and his lectures were extremely popular. He was murdered on September 9, 1990. For years, his work was unavailable in most church bookstores in Russia, and his teachings were excoriated by some both within and outside the church. But his books continue to offer hope to many throughout the world—they have sold millions of copies and are testimony to his continuing relevance and enduring significance. This important biography will appeal to scholars and general readers interested in religion, politics, and global affairs.

Your Space is a three-level course for teenagers, designed to motivate students as they change and grow. With a wide range of varied activities, the Workbook provides extra skills practice focusing on listening, reading, writing and speaking.

insight will challenge, develop and inspire your students. It will motivate and engage them with thought provoking topics and information rich texts which will challenge their opinions and inspire them to think critically about the world they live in. It will prepare them for a life of learning with a clear focus on developing their skills and autonomous learning habits. It will give your students a deeper awareness of how language works, furnishing them with not just the meaning of vocabulary but also the rules that govern its use, allowing your students to use it with confidence.

While Western observers should be prepared to see Russia's armed forces become more capable over the next decade, they should avoid exaggerating the threat posed by these developments. By 2027, the Russian armed forces are likely to be considerably better equipped than they are today. Nevertheless, one should not overstate the pace of probable modernization. While some progress may be made in the development of new-generation equipment, the armed forces will probably still rely on a mix of legacy hardware and modernized Soviet systems alongside new designs. Providing Russia with 21st-century military capabilities and adapting its armed forces to today's challenges will require sustained investment in modernization efforts and military R&D.

Authentic examination papers for learners preparing for the revised Pre A1 Starters, A1 Movers and A2 Flyers exams as introduced in 2018. This collection of examination papers for Pre A1 Starters provides ideal exam practice. It contains three full-colour test papers which contain engaging activities and attractive illustrations to motivate young learners. These papers

also provide an excellent opportunity for children, parents and teachers alike to familiarise themselves with the format of the revised test. An Audio CD (which contains the listening sections of the tests) and an Answer Booklet are also available separately.
