Susan Henderson is a bored young woman looking for some spice in her life. Upon reading an advertisement in an up-scale women's magazine that stated excellent pay was being offered for a five year, foreign service position, provided the applicant passed rigorous intelligence, appearance, and aptitude tests. She is soon enticed into a world of ever-increasing, inescapable bondage, then soon held deep in the fastness of a Middle Eastern Palace. Here she learns her true place in life, discovering a world within her own mind that also cannot be escaped or evaded. Susan Henderson's voyage continues when she is inducted into different deviant training programs. Much to her distress, she soon discovers what it is like to be a domestic animal and spends a substantial length of time in this role. She is eventually freed to be taken on a shopping expedition in the real world, controlled thoroughly at all times. Soon after, she becomes a human equine, undergoing intense training as a Horse Woman, then as a four legged, ridden Pony Girl, and finally, as one of the Sheik's famous Lipizzaner Mares. JG Leather's proves he is the professor of prose with his finely tuned descriptions. Meet Jenny. She's rich, spoiled, rude and obnoxious. She's also just been signed up for the BDSM ride of her life - without her consent. An intensive training course at the Albrecht Stables is not what it appears to be and training to become a human pony was not on Jenny's to-do list. The trouble is, how do you escape when you're tied up, gagged and constantly sexually aroused? Which Master or Mistress do you turn to for rescue? And what do you do if you suspect you might actually be enjoying yourself? This is Jenny's adventure into the world of BDSM and pony play. She's about to find out just how much effort it takes to become a pony girl and that she has no choice but to excel in every aspect of her training or she may never stand a chance of being released from her bondage. Book One features Jenny's abrupt induction, where she finds herself being stripped naked, medically examined and intimately measured for her new uniform - as a pony girl.

The viciously attractive Mark, with the unfaltering smile, has a day of endurance planned for Jenny that the devil himself would find challenging. His artful temperature play has her screaming, his anal dilators have her howling and a ride in the sybian's saddle leaves her virtually unconscious, but the day is far from over. A group of ladies, with wandering fingers, are given the task of transforming Jenny into a sweet, submissive pony girl who will be left looking 'hot to trot' in no time at all. After an exhausting day of training, Jenny has only escape or rescue on her mind. Alas, escape is rather difficult when you're naked, dressed in thigh high pony boots and have your hands immobilised in leather mittens which are clipped behind your back. Besides, escape isn't all that important - not when you're desperate for your next orgasm, it isn't.

In Slave Girl, Jill is a bored housewife married to straitlaced, conservative attorney Barry. Jill's been a very bad girl. She just can't keep her hands off the sexy repairmen who come by while

her husband's at work. But everything changes the day her husband walks in on her being "serviced" by the very naked man who mows the lawn. Barry gives Jill the spanking of her life, which culminates in the hottest sex the couple has ever had — and in Jill becoming his sex slave. In "David and Rachel," a loving D/S couple experience ultimate ecstasy when they invite a female submissive into their lair. "Mistress/Slave" features a dominatrix who takes a stroll on the submissive side. And in "Tough Boy," a brutish biker submits to the mistress of his dreams. Martin Hughes brings one of his strongest and most erotic tales -- Annabelle has just become a famous, desired movie star at 25, and is known the world over, when she is skilfully abducted in the middle of an interview and brought into the harem of a wealthy and disdainful Arab. He kidnaps and keeps other famous and successful young women on his large, seemingly sovereign ship. Can Annabelle ever return to the red carpet with her will and sanity intact? A stunning woman. A secret cabal of torture. Can she submit long enough to escape? Avril Gillios keeps herself in top physical condition. So much the better for the casual flings where she submits herself to a man's control. But her marathon running and clean eating has made her sought after in a different circle: a thousand-year-old sex trafficking organization. Little does she know she's about to be purchased... As the head of the powerful Consortium, Sir exudes power, confidence, and male charm. When he purchases Avril for his own secret pleasures, he shivers at the thought of orchestrating her delicious screams. Handcuffed to Sir's dark desires, Avril's only chance for survival depends on thoroughly pleasing her intrigued master. As the man's twisted pleasures expand, can Avril endure long enough to outwit the sadistic punisher or will her tight tether be the last thing she sees? The Trafficking Consortium is the first book in a dark human trafficking series suitable for ages 18 and over. If you like disturbing details, charming villains, and desperate heroes, you'll love Richard Verry's tie-you-in-knots thriller. SPARROWHAWK IS ON TOP FORM."The Imperial Fleet has suffered a surprise attack. The result is worse than a defeat: it is a rout, complete and utter. The known galaxy is plunged into war and the Atkoi horde advance into Imperial space. Those caught in the path of the barbarian horde will pay a terrible price for the Empire's weakness and misgovernment. On the conquered planets, the barbarians are looting and pillaging, and 'harvesting' young women, conscripting them to serve in military brothels for Atkoi troops. Those who flee the advancing enemy face other dangers: refugees risk being robbed, murdered or sold into slavery. Even the Imperial capital on Nenuphar falls to the invaders, and Atkoi berserkers pillage the Emperor's palace and harem. On Ziandakush, Princess Athanasia's treasonous plot has terrible consequence, and Kyra faces a horrible dilemma: to face a hideous death, or confess to a capital crime she did not commit, and beg for mercy. But one man has a plan to fight back against the Kzam's forces. Admiral George Barklay intends to carry the battle to the enemy, but he cannot possibly anticipate Kyra's courageous actions, or their consequences for Empire and Atkoi alike. "BREATHTAKING... Mirrors are amongst the most well known British Iron Age objects. They are of a type which is peculiar to Britain and are significantly different in form from contemporary

Greek, Etruscan and Roman forms. 58 mirrors are known. They are made of bronze and iron, or sometimes a combination of bronze and iron components. Mirrors comprise a handle and a reflective plate, which is often decorated with intricate and free-flowing designs. Some plates are also rimmed. Mirrors are found throughout Britain; two have been discovered in Ireland and two others are known from the continent. They are most commonly found in graves; but were also deposited in bogs and rarely at settlements. They date to the mid-late Iron Age. This book tests the applicability of the biographical approach to prehistoric objects and the application of the biographical approach to prehistoric material culture is evaluated by constructing biographies for Iron Age mirrors. This study is divided into three main sections. In the first section mirrors are introduced as is the theoretical methodology (Chapter 2). Chapter 1 explains what mirrors look like, the contexts they are found in and how they have been studied in the past to pinpoint what we do not yet understand about them and what needs further clarification. In Chapter 2 the biographical approach to artefacts is outlined; how it has been used in archaeology and how the approach will be utilised to expand our knowledge of mirrors and the broader Iron Age context by reconstructing the relationships that constitute mirrors and their biographies. Chapter 3 examines evidence for the production of Iron Age metal artefacts as well as investigating the context of the production of metalwork in ethnographic contexts. The aim is to develop an understanding of the technology of mirror production, the relationships established through their production and the potential future trajectories of the life of a mirror set out at the time of manufacture. In Chapter 4 mirror decoration is examined. Chapter 5 summarises the results of a programme of visual examination of the physical condition of surviving mirrors. Over 30 mirrors were examined for signs of wear, polishing and repair; clues which can indicate how mirrors were used and inform us about their social lives. Chapter 6 examines the form of mirrors. In the third section deposition context is examined. Chapter 8 is the first comprehensive dating audit of all Iron Age mirrors. In Chapter 9 all of the deposition data is collected. Chapter 10 is an analysis of the results of Chapter 9. In Chapter 11 the implications of these findings for wider research and the future of the application of the biographical approach to archaeological research, is assessed.

In the first volume of this series, we followed Tara Malone and Delia Ortiz, two broke students at a prestigious private college, who were lured down to Pirate Cay, the private Caribbean island owned by a mysterious billionaire, where they were to work as "Companions". When they got there, they soon discovered that the job entailed serving his every need and those of his guests, under penalty of severe punishment for failure to please. In the second volume, we followed their classmate, Barbara Moore, a budding journalist, who accepted a position as a "Companion" in order to investigate Tara and Delia's disappearance and hopefully write a major exposé on the shocking, scandalous goings on at Pirate Cay. Once there, she finds that journeying to Pirate Cay is much easier than leaving and that failing to participate fully in the fun and games is most definitely NOT an option. Moreover, there are some very complicated politics between the Companions and being the low girl in the pecking order is very unpleasant to say the least. Events spiral downwards from there to a truly shocking conclusion in this most thrilling story in the series so far, Student Sex Slaves 3: Punished on Pirate Cay

As a weak emperor tries in vain to appease them, an interstellar passenger liner is boarded, looted and plundered. The most beautiful young women aboard, including Pippa and Clara Warburton and Aimee Pembroke, are spared - if 'spared' is the correct word. They begin a nightmare voyage to Akkadis. There they are paraded and exposed for sale in a humiliating public slave auction. They are trained to obey and serve their new masters and then sold, either to primitive desert tribesman or the planet's infamous 'pleasure houses' where slave girls dance naked on the stage for the leering audience and entertain customers upstairs for the price of a few solidi... and those who fail to meet their 'sales targets' face painful, public and humiliating discipline on the

They soon realise they are the helpless pawns in a power game, victims of a betrayal of cosmic proportions. But Akkadis holds a dark secret which may offer the girls a glimmer of hope - a chance for freedom and revenge - if they dare to seize it. Sometimes the best weapons of the weak are the mistakes of those who think they are strong.
