A richly detailed historical novel from master storyteller Nicholas Christopher that School Library Journal calls " A] lush tale of music, magic, and intrigue" Nicol Zen is all alone in 1700s Venice, save for his clarinet, which a mysterious magician had enchanted, allowing its first player to perform expertly. Soon Nicol is a famous virtuoso, wealthy beyond his dreams, but he can't stop wondering if he earned the success himself--or what might happen if the spell were removed. And throughout it all, he continues to think about the girl he met in Venice, what she might be doing and if she's safe from harm. With a guest appearance by composer Vivaldi, and brimming with fascinating period details, this is a compelling coming-of-age story full of universal themes and a love story that will conjure memories of Romeo and Juliet, perfect for teens who love stories set in other times, and a magician who dresses all in white and can be in two places at once. . . .

The delightful adventures of a visually impaired barn cat and his annoying flea, as they set off to experience the world and find themselves participants in some of the most remarkable events of the early twentieth century. Pudding Tat is born on the Willoughby Farm in 1901 — just another one of Mother Tat's kittens. But it turns out that Pudding is anything but ordinary. He is pure white with pink eyes that, though beautiful, do not see well, and hearing that is unusually acute. He finds himself drawn to the sweet sounds of the world around him — the pattering heartbeat of a nearby mouse, the musical tinkling

of a distant stream. Soon the sounds of adventure call to Pudding, too. But before he can strike out into the wide world on his own, he hears a voice — coming from right inside his own ear. A flea has claimed Pudding as his host. The bossy parasite demands that Pudding take him away from the lowly barn and the drunken singing of his fellow fleas. He doesn't want adventure but a finer life — one where he can enjoy a warm bed and blood flavored not with mice, but with beef tenderloin and cream. Fortunately for this mismatched pair, the world is an extremely interesting place in 1901. Over the next decade and a half, Pudding and his flea find themselves helping to make history — a journey over Niagara Falls in a barrel, a visit to the Pan-American Exposition on the day President McKinley is shot, a luxurious stay in Manhattan with songwriter Vincent Bryan, a terrifying trip on the airship America, and a voyage on the ill-fated Titanic. Through each narrow escape, the call to adventure for the cat, and luxury for his disgruntled flea, beckons them on, right to the devastation of a World War I battlefield. Then Pudding is filled with a new longing, one that brings him, with his flea's help now, full circle and back home. See the difference, read #1 bestselling author Jane Smiley in Large Print \* About Large Print All Random House Large Print editions are published in a 16-point typeface Six years after her Pulitzer Prize-winning best-seller, A Thousand Acres, and three years after her witty, acclaimed, and best-selling novel of academe, Moo, Jane Smiley once again demonstrates her extraordinary range and brilliance. Her new novel, set in the 1850s, speaks to us in a splendidly quirky voice--the strong, wry, no-nonsense voice of Lidie Harkness of Quincy, Illinois, a young woman of courage, good sense, and good heart. It carries us into an America so violently torn apart by the question of slavery that it makes our current political battlegrounds seem a peaceable kingdom. Lidie is hard to scare. She is almost shockingly alive--a tall, plain girl who rides and shoots and speaks her mind, and whose straightforward

ways paradoxically amount to a kind of glamour. We see her at twenty, making a good marriage--to Thomas Newton, a steady, sweet-tempered Yankee who passes through her hometown on a dangerous mission. He belongs to a group of rashly brave New England abolitionists who dedicate themselves to settling the Kansas Territory with like-minded folk to ensure its entering the Union as a Free State. Lidie packs up and goes with him. And the novel races alongside them into the Territory, into the maelstrom of "Bloody Kansas," where slaveholding Missourians constantly and viciously clash with Free Staters, where wandering youths kill you as soon as look at you--where Lidie becomes even more fervently abolitionist than her husband as the young couple again and again barely escape entrapment in webs of atrocity on both sides of the great question. And when, suddenly, cold-blooded murder invades her own intimate circle, Lidie doesn't falter. She cuts off her hair, disguises herself as a boy, and rides into Missouri in search of the killers--a woman in a fiercely male world, an abolitionist spy in slave territory. On the run, her life threatened, her wits sharpened, she takes on yet another identity--and, in the very midst of her masquerade, discovers herself. Lidie grows increasingly important to us as we follow her travels and adventures on the feverish eve of the War Between the States. With its crackling portrayal of a totally individual and wonderfully articulate woman, its storytelling drive, and its powerful recapturing of an almost forgotten part of the American story, this is Jane Smiley at her enthralling and enriching best.
