

The Silent World Of Nicholas Quinn Inspector Morse Series Book 3

The Riddle of the Third Mile is the sixth novel in Colin Dexter's Oxford-set detective series. The thought suddenly occurred to Morse that this would be a marvellous time to murder a few of the doddering old bachelor dons. No wives to worry about their whereabouts; no landladies to whine about the unpaid rents. In fact nobody would miss most of them at all . . . By the 16th of July the Master of Lonsdale was concerned, but not yet worried. Dr Browne-Smith had passed through the porter's lodge at approximately 8.15 a.m. on the morning of Friday, 11th July. And nobody had heard from him since. Plenty of time to disappear, thought Morse. And plenty of time, too, for someone to commit murder . . . The Riddle of the Third Mile is followed by the seventh Inspector Morse book, The Secret of Annexe 3.

The Disintegration Machine Arthur Conan Doyle - Professor Challenger is arguing with people who are persistently calling him on the telephone when his young friend Malone, a reporter for the Gazette, enters and requests Challenger accompany him to inspect the discovery of Theodore Nemor, who claims to have invented a machine capable of disintegrating objects. Skeptical of the invention, Challenger accepts Malone's proposal and accompanies him to the house of Nemor.

"Cunning...Your imagination will be frenetically flapping its wings until the very last chapter." THE WASHINGTON POST BOOK WORLD Morse is enjoying a rare if unsatisfying holiday in Dorset when the first letter appears in THE TIMES. A year before, a stunning Swedish student disappeared from Oxfordshire, leaving behind a rucksack with her identification. As the lady was dishy, young, and traveling alone, the Thames Valley Police suspected foul play. But without a body, and with precious few clues, the investigation ground to a halt. Now it seems that someone who can hold back no longer is composing clue-laden poetry that begins an enthusiastic correspondence among England's news-reading public. Not one to be left behind, Morse writes a letter of his own--and follows a twisting path through the Wytham Woods that leads to a most shocking murder.

Last Bus to Woodstock is the novel that began Colin Dexter's phenomenally successful Inspector Morse series. 'Do you think I'm wasting your time, Lewis?' Lewis was nobody's fool and was a man of some honesty and integrity. 'Yes, sir.' An engaging smile crept across Morse's mouth. He thought they could get on well together . . . ' The death of Sylvia Kaye figured dramatically in Thursday afternoon's edition of the Oxford Mail. By Friday evening Inspector Morse had informed the nation that the police were looking for a dangerous man – facing charges of wilful murder, sexual assault and rape. But as the obvious leads fade into twilight and darkness, Morse becomes more and more convinced that passion holds the key . . . Last Bus to Woodstock is followed by the second Inspector Morse book, Last Seen Wearing.

Morse had solved so many mysteries in his life. Was he now, he wondered, beginning to glimpse the solution to the greatest mystery of them all . . . ? How can the discovery of a short story by a beautiful Oxford graduate lead Chief Inspector Morse to her murderer? What awaits Morse and Lewis in Room 231 of the Randolph Hotel? Why does a theft at Christmas lead the detective to look upon the festive season with uncharacteristic goodwill? And what happens when Morse himself falls victim to a brilliantly executed crime? Morse's Greatest Mystery and Other Stories is a dazzling collection of short stories from Inspector Morse's creator, Colin Dexter. It includes six ingenious cases for the world's most popular fictional detective – plus five other tantalizingly original tales to delight all lovers of classic crime fiction.

In lively, mordantly witty prose, Negroponte decodes the mysteries--and debunks the hype--surrounding bandwidth, multimedia, virtual reality, and the Internet, and explains why such touted innovations as the fax and the CD-ROM are likely to go the way of the BetaMax. "Succinct

The Daughters of Cain is the eleventh novel in Colin Dexter's Oxford-set detective series. Bizarre and bewildering – that's what so many murder investigations in the past had proved to be . . . In this respect, at least, Lewis was correct in his thinking. What he could not have known was what unprecedented anguish the present case would cause to Morse's soul. Chief Superintendent Strange's opinion was that too little progress had been made since the discovery of a corpse in a North Oxford flat. The victim had been killed by a single stab wound to the stomach. Yet the police had no weapon, no suspect, no motive. Within days of taking over the case Chief Inspector Morse and Sergeant Lewis uncover startling new information about the life and death of Dr Felix McClure. When another body is discovered Morse suddenly finds himself with rather too many suspects. For once, he can see no solution. But then he receives a letter containing a declaration of love . . . The Daughters of Cain is followed by the twelfth Inspector Morse book, Death is Now My Neighbour.

The Jewel That Was Ours is the ninth novel in Colin Dexter's Oxford-set detective series. He looked overweight around the midriff, though nowhere else, and she wondered whether perhaps he drank too much. He looked weary, as if he had been up most of the night conducting his investigations . . . For Oxford, the arrival of twenty-seven American tourists is nothing out of the ordinary . . . until one of their number is found dead in Room 310 at the Randolph Hotel. It looks like a sudden – and tragic – accident. Only Chief Inspector Morse appears not to overlook the simultaneous theft of a jewel-encrusted antique from the victim's handbag . . . Then, two days later, a naked and battered corpse is dragged from the River Cherwell. A coincidence? Maybe. But this time Morse is determined to prove the link . . . The Secret of Annexe 3 is the seventh novel in Colin Dexter's Oxford-set detective series. Morse sought to hide his disappointment. So many people in the Haworth Hotel that fateful evening had been wearing some sort of disguise – a

change of dress, a change of make-up, a change of partner, a change of attitude, a change of life almost; and the man who had died had been the most consummate artist of them all . . . Chief Inspector Morse seldom allowed himself to be caught up in New Year celebrations. So the murder inquiry in the festive hotel had a certain appeal. It was a crime worthy of the season. The corpse was still in fancy dress. And hardly a single guest at the Haworth had registered under a genuine name . . . The Secret of Annexe 3 is followed by the eighth Inspector Morse book, *The Wench is Dead*. From the acclaimed author of *Her Every Fear* and *The Kind Worth Killing* comes a diabolically clever tale of obsession, revenge, and cold-blooded murder—a sly and brilliant guessing game of a novel in the vein of Ruth Ware, Paula Hawkins, and Patricia Highsmith. Harry Ackerson has always considered his stepmother Alice to be sexy and beautiful, in an "otherworldly" way. She has always been kind and attentive, if a little aloof in the last few years. Days before his college graduation, Alice calls with shocking news. His father is dead and the police think it's suicide. Devastated, Harry returns to his father's home in Maine. There, he and Alice will help each other pick up of the pieces of their lives and uncover what happened to his father. Shortly after he arrives, Harry meets a mysterious young woman named Grace McGowan. Though she claims to be new to the area, Harry begins to suspect that Grace may not be a complete stranger to his family. But she isn't the only attractive woman taking an interest in Harry. The sensual Alice is also growing closer, coming on to him in an enticing, clearly sexual way. Mesmerized by these two women, Harry finds himself falling deeper under their spell. Yet the closer he gets to them, the more isolated he feels, disoriented by a growing fear that both women are hiding dangerous—even deadly—secrets . . . and that neither one is telling the truth.

A groundbreaking history of what drove the Germans to fight -- and keep fighting -- for a lost cause in World War II In *The German War*, acclaimed historian Nicholas Stargardt draws on an extraordinary range of firsthand testimony -- personal diaries, court records, and military correspondence -- to explore how the German people experienced the Second World War. When war broke out in September 1939, it was deeply unpopular in Germany. Yet without the active participation and commitment of the German people, it could not have continued for almost six years. What, then, was the war the Germans thought they were fighting? How did the changing course of the conflict -- the victories of the Blitzkrieg, the first defeats in the east, the bombing of German cities -- alter their views and expectations? And when did Germans first

realize they were fighting a genocidal war? Told from the perspective of those who lived through it -- soldiers, schoolteachers, and housewives; Nazis, Christians, and Jews -- this masterful historical narrative sheds fresh and disturbing light on the beliefs and fears of a people who embarked on and fought to the end a brutal war of conquest and genocide.

In 1953, twenty-four-year old Nicolas Bouvier and his artist friend Thierry Vernet set out to make their way overland from their native Geneva to the Khyber Pass. They had a rattletrap Fiat and a little money, but above all they were equipped

with the certainty that by hook or by crook they would reach their destination, and that there would be unanticipated adventures, curious companionship, and sudden illumination along the way. *The Way of the World*, which Bouvier fashioned over the course of many years from his journals, is an entrancing story of adventure, an extraordinary work of art, and a voyage of self-discovery on the order of Robert M. Pirsig's *Zen and the Art of Motorcycle Maintenance*. As Bouvier writes, "You think you are making a trip, but soon it is making—or unmaking—you."

In a perfect marriage of author and subject, P. D. James—one of the most widely admired writers of detective fiction at work today—gives us a personal, lively, illuminating exploration of the human appetite for mystery and mayhem, and of those writers who have satisfied it. P. D. James examines the genre from top to bottom, beginning with the mysteries at the hearts of such novels as Charles Dickens's *Bleak House* and Wilkie Collins's *The Woman in White*, and bringing us into the present with such writers as Colin Dexter and Henning Mankell. Along the way she writes about Arthur Conan Doyle, Dorothy L. Sayers, Agatha Christie ("arch-breaker of rules"), Josephine Tey, Dashiell Hammett, and Peter Lovesey, among many others. She traces their lives into and out of their fiction, clarifies their individual styles, and gives us indelible portraits of the characters they've created, from Sherlock Holmes to Sara Paretsky's sexually liberated female investigator, V. I. Warshawski. She compares British and American Golden Age mystery writing. She discusses detective fiction as social history, the stylistic components of the genre, her own process of writing, how critics have reacted over the years, and what she sees as a renewal of detective fiction—and of the detective hero—in recent years. There is perhaps no one who could write about this enduring genre of storytelling with equal authority and flair: it is essential reading for every lover of detective fiction.

At the turn of the century St. Petersburg offered the best of Imperial Russia. Few realized that the glitz and glamour of the Silver Age would soon dissolve into mass rebellion and revolution. The ravages of the Bolshevik Revolution are seen through the eyes of nineteen-year-old Agnes Lindlof and her lifelong friend, Natasha, in a powerful, extraordinary novel of devotion and loyalty.

The Wench is Dead is the eighth novel in Colin Dexter's Oxford-set detective series. That night he dreamed in Technicolor. He saw the ochre-skinned, scantily clad siren in her black, arrowed stockings. And in Morse's muddled computer of a mind, that siren took the name of one Joanna Franks . . . The body of Joanna Franks was found at Duke's Cut on the Oxford Canal at about 5.30 a.m. on Wednesday, 22nd June 1989. At around 10.15 a.m. on a Saturday morning in 1989 the body of Chief Inspector Morse – though very much alive – was removed to Oxford's John Radcliffe Hospital. Treatment for a perforated ulcer was later pronounced successful. As Morse begins his recovery he comes across an account of the investigation and the trial that followed Joanna Franks' death . . . and becomes convinced that the two men hanged for her murder were innocent . . .
